The hamper has come out really well. Colleagues have loved the products and I personally was quite impressed with the beautiful packaging. The products are green marked and of very good quality. We are glad that we chose Loopify for our 40th Anniversary Celebrations. The sustainability concept is in sync with our organization philosophy and the eco-friendly hamper has been apt. Thank you for handling the order, designing and logistics support – all of which were seamless.

I opened the gorgeous box of Loopify to find this beautiful bundle of joy. As soon as I saw it, my first reaction was to think, “This is truly a thoughtful gift.” This product is not only special because it came to me from my company, but it useful and environmentally friendly at the same time. I think that these products will last quite a while. The perfect gift idea must always include being kind to the earth. So, in my opinion, the TIMS group has made the right decision in keeping our environment clean and plastic-free.
